

Testnet Reset

To reset your testnet make sure Verus is closed (and no testnet daemon running) and delete the following directories, then restart the testnet daemon (or relaunch Verus Desktop, deactivate verustest and re-add verustest native):

- Linux: `~/.komodo/vrsctest` , `~/.verustest`
- Mac OS: `~/Library/Application Support/Komodo/vrsctest` ,
`~/Library/Application\ Support/VerusTest`
- Windows 10: `%AppData%\Roaming\Komodo\vrsctest\` , `%AppData%\Roaming\VerusTest` or
`%AppData%\Komodo\vrsctest\` , `%AppData%\Roaming\VerusTest`
